Description

Wonderful reformed apartments due to be completed June 2023 in Denia. A newly reformed complex of 8 villas and 72 apartments close to the centre of Denia

The residential complex consists of 6 villas with a communal pool, 2 villas with a plot and an independent pool and 72 homes in different blocks with their respective pools, garden areas and parking.

All the villas have 3 bedrooms on two levels with different formats and the apartments can be 1 or 2 bedrooms with their respective terraces.

You can choose between 4 different models of kitchen furniture, bathroom tiling and some type of interior flooring, all

according to the plans of each unit. All homes will have split inverter hot/cold air conditioning, PVC exterior carpentry with safety glass and double glazing, a 100-liter electric water heater and a security entrance door.

Close to the centre of town, bus routes, tram lines and the beaches and harbour. Early viewings recommended as the properties are selling fast!
