Description

Unique townhouse with 5 bedrooms and three bathrooms in the famous village of Jalon in the heart of the village. The property was once a bakery and has been completely reformed keeping the traditional qualities but making ideal for modern living.

One entering the property you are greeted with large hall way and spacious lounge diner, there is a bedroom on the left-hand side, the lounge has lovely stone wall and wooden beams from there is a bathroom and then you have the large open plan spacious kitchen, pantry. Both the lounge and kitchen have double doors leading to a beautiful stoned courtyard giving both rooms lots of light, in the kitchen you also have access to a room not finished above the

kitchen which would be ideal for an office. There is a large open staircase made with beautiful wood and steel giving you a modern feel. Upstairs you have 3 double bedrooms, two sharing a large bathroom, the master bedroom has a room which is prepared to be a complete dressing room, and a very large en-suite, the master bedroom has double doors which looks over the courtyard. If this wasn't enough up another flight of metal stairs you have same square foot of the floors below, it already has a laundry room and the rest of the space can be made into a separate apartment, gym, office, games room or more bedrooms. From the floor you also access a very large terrace with views to the mountains and you can also see the famous church dome.

The property has a storage room which is at the entrance of the property which stores the pellet burner that heats the
